NEW BLOWERS FOR WEBSTER

The **City of Webster** recently installed new blowers at their wastewater treatment plant. Needing to upgrade from aging technology, the City installed two 150 HP multistage centrifugal blowers by **Continental Blower**. The engineering design was done by **Freese and Nichols** (Pearland) and the blowers were installed by **Sustanite Support Services** (Houston).

SOME NEW PROJECTS

Fort Worth Village Creek WWTP

Engineer: **Freese and Nichols** (Fort Worth)
Contractor: **Eagle Contracting** (Fort Worth)
Equipment: Rotary Drum Thickeners by **Andritz Separation**
FRP Ductwork by **ECS**
Liquid Polymer Systems by **VeloDyne**

Conroe Central WWTP

Engineer: **LAN** (Houston)
Contractor: **LEM Construction** (Houston)
Equipment: P.D. Blowers by **Aerzen**
Centrifuges by **Andritz Separation**
Progressive Cavity Pumps by **Seepex**
UV Disinfection by **Suez / Ozonia**
Polymer Systems by **VeloDyne**
Fine & Coarse Bubble Aeration by **Xylem / Sanitaire**

AFTERMARKET NEWS

The **North Texas Municipal Water District** recently contracted with **Aqua-Aerobic Systems** for the rehabilitation of one of their traveling bridge sand filters at the **Buffalo Creek WWTP**. The scope of work includes the complete replacement of the underdrain system and sand media as well as replacement of various components of the filter. The work was done on a turnkey basis by **Aqua-Aerobic Systems**. Please let us know if you'd be interested in having us do a site assessment on your filters or any other equipment in your plant.

New SuperP's for Oklahoma

Oklahoma continues to take advantage of the features and benefits offered by **SuperPulsator** high rate clarifiers for water treatment plants manufactured by **Suez Water Technologies**. Here are some of our latest projects:

City of Collinsville WTP

Engineer: **HUB Engineers**
(Muskogee)

Contractor: **Daris Contractors**

City of Stigler WTP

Engineer: **Wall Engineering**
(Durant)

Contractor: **HCCCO**

SEASONS GREETINGS

At this time of year, we again extend our thanks and best wishes to all of our customers. You have helped us achieve another successful year and we deeply appreciate your patronage throughout the years. May you and your family enjoy this special season and have a very prosperous 2021!

NEW TEAM MEMBER

Allan Beer has recently joined the Hartwell team as a Project Manager in the Tulsa office. Allan graduated from Bradley University in 2018 with a B.S. in Civil Engineering. After graduation Allan was a pitcher in the Chicago White Sox minor league organization. We are pleased he has elected to bring his skill set to the Hartwell team. Allan's initial focus will be on inside sales and project management in Oklahoma. Please join us in welcoming Allan to the Hartwell team!
